BÄREN NEWS 2017-2018

Dear regular guests, dear friends,

Thank you again for visiting the magical Lake of Brienz, for the time you spent at the Bären Hotel, for being with us, for your great friendship and your charming company.

Unfortunately, this season it showed again that we are extremely dependent on the weather, especially when it comes to spontaneous customers. Groups have a fixed date; but it proved again, that above all, wonderful warm, beautiful days entice individual visitors to take a trip to our simply spectacular mountain and lake haven.

We would also like to thank our wonderful team for their great work during the season 2017. We sincerely hope that you were satisfied and that you will join with us thanking our brigade from so many nations. In July our team represented exactly 15 nationalities; its members spoke 23 different languages and belonged to 6 religions! Imagine!

In Ayurveda, after 9 years, we were finally able to obtain a 9-month permit for Ravi, who has been waiting for years for the opportunity for extended employment. As usual, we have been very happy with his dedicated therapeutic work.

The new Ayurveda packages for insomnia, MS multiple sclerosis, state of exhaustion/burn out, and whiplash trauma have been very well received and have produced excellent results. Kumar, who supervises Ayurveda services, is now offering new treatments for "frozen shoulder" - we were amazed at how many people are suffering from it and how many we were able to help!

Up to New Year we are at your total disposal in Ayurveda. Then we have a break and from Spring our crew will be present again!

On December 25th and December 31st, 2017, our chef Cyril from Kerala presents a gourmet buffet for connoisseurs!

“YOGA with Pia Fischer” – she is still organizing one special course at the end of this year. And for next year she is planning 5 more courses. More information can be found on our Internet site.

Roland Jakobowitz, the sought-after astrologer, will continue his seminars with us in the coming year and we look forward to his serious but funny-hearted way of teaching. Join in, you will be absolutely thrilled.

Ariane Werro year by year accepts more responsibility and she is a great support to me and I do treasure her very much. She has been responsible for the reception for a long time and looks after you, dear guest, with great dedication. Ariane's newer wide-ranging responsibilities include, among others, overseeing management of our restaurant, including the management of both Ayurvedic-Indian and our regional Swiss cuisine.

Myself, I shall face a round anniversary in the coming year – the 80st! Let us enjoy this event throughout 2018! I enjoy your friendship, and superb companionship greatly!

Thank you so much for existing in my life!

MONTREUX meets BRIENZ – we were able to organize 22 fabulous jazz concerts during the Summer 2017. It was superb, enchanting and enthralling. During the last 24 years we have had the honour of welcoming more than 3000 musicians in Brienz! And believe us, the 25th anniversary is going to be mesmerizing! Already we have received a lot of requests from artists who wish to be part of the coming season. You will be able to live and enjoy absolutely delightful jazz concerts in 2018.

May we once again ask you, dear guest, to report about your stay on Tripadvisor.ch and/or Hotelcheck.ch or google.ch etc. We do thank you wholeheartedly for your support, which today has taken such a new dimension.

Our two contests have had a lot of followers, especially the second one with its various questions about our region. Thank you for participating and enjoying the different issues.

Dear regular guests, dear friends, we all wish you a very cuddly autumn time with lots of warmth and sunshine in your heats.

For the Christmas and the Winter Holiday Season, we offer our wishes for a cozy family celebration, framed by your loved ones and your friends; experience the light of candlelight, taste a gourmet meal, offer special wonderful gifts and just be happy and satisfied.

Please accept our wishes for a happy New Year, for good health and well-being, for cheerfulness, joy and satisfaction. Fully enjoy every precious moment!

All the best, see you soon again and many, many thoughts for a delightful 2018!
